Enrollment Agreement:

You have signed up for this course for the purpose of preparing for the MCAT. All techniques and materials (online and print) are the exclusive property of The Princeton Review, Inc. ("TPR"/"we"/"us"/"our"). You agree not to disclose, or reproduce or distribute any information, written or verbal, obtained from TPR to a third party.

TPR may change course schedules and locations and, on rare occasions, cancel a course. You understand that course size is limited and therefore enrollment is taken on a first-come, first-served basis. TPR may dismiss any student who has not fully paid or who, in TPR's opinion, is disruptive.

COURSE PAYMENT: The fee for The Princeton Review (TPR) includes everything: all classes, tests, and materials are provided by TPR. A deposit reserves a space in the program. You must pay the full tuition by the first session of the course. If you have not paid in full by the first session, you authorize TPR to charge the remaining balance to your credit card. If you choose to pay the remaining balance by check, you must provide us with a credit card number upon enrollment. We will charge this card for the balance due in the event that we do not receive your check by the start of the course. Those students who have not paid in full by the first session will NOT be admitted to class. Late payments are subject to penalties.

REFUNDS: If you need to withdraw from the course for whatever reason, you need to send us written notification. It must be in our office no later than 5pm on the last business day before the first practice test or orientation. The best way to do this is to FAX a letter to us during normal business hours, and call us immediately afterward to make sure we received the paperwork.

TPR GUARANTEE: We guarantee your satisfaction. Regardless of how much your scores improve, you are eligible for a free course within the year following your program if you have gone to all of the classes and taken all of the practice tests.

If you take our eligible tutoring or courses (excluding online), and your total MCAT score does not improve, and you meet the following requirements, you are eligible for a full refund:

- You attended all sessions, have taken all practice tests, and did your homework
- You took the official test within 45 days of completing our program
- You presented your scores to us and requested a full refund within 90 days of your final session in the program
- If you do not meet the above requirements, but wish to repeat a course, you may repeat the full course for 40% off the full tuition.
- How we measure improvement:
 - *If you have an official test score on file:* We compare the most recent official score before you took the program to the official score immediately following the program.
 - *If you do not have an official test score on file:* We compare the results of your first practice test in our course to your official score immediately following the program.

Tutoring Guarantee: The above guarantee applies to the 20-hour tutorial. There is no guarantee for the 10-hour tutorial. If you have taken a 20-hour tutorial, and you qualify for the guarantee, you may take a course for just the cost of materials. You will not receive extra tutoring hours for free.

Please sign the front of this form to indicate that you understand the commitments described in the enrollment agreement.

We reserve the right to revoke your guarantee and/or drop you from your course if this form is not signed and returned to us by your first day of class.
